Harry and Others.....

Hello. I was out of the office last week on leave and I am "catching up". Harry, do you have any updates on the proposed meetings? I will be able to attend the meeting on Monday at 1:00-3:00 and also the Public Meeting on Aug 16th. Greg, do you have confirmation for the city/county meeting?

Best and Please Advise.

Hi Harry

Ralph and I just had a conversation on this topic and your offer to take the lead on reaching out to entities. Ralph and I have set aside all day on the 16th for the outreach and Community Meeting. On the 17th, Ralph is available all day. My availability on the 17th is the late morning or early afternoon only. I have earlier appointments on the 17th back in Winnemucca.

Thanks for the coordination and communication on this effort and please keep us posted on when and where the meetings will be. Once the meetings are confirmed, the agencies can further coordinate.

Best

Greg and Gene: Angeles and I would like to coordinate and schedule what looks like a number of associated meetings around our visit to Yerington for the Anaconda community meeting. The meetings we hope to set up are:

1. EPA BLM NDEP pre-meeting prior to the community meeting on 16Aug
2. Visit (not consultation) with Yerington Paiute Tribe (Hatch or Thom)
3. Visit (not consultation) with Walker River Paiute Tribe (Sanchez or Ocegüera)
4. Visit with County (Page) and City (Newell)

You and any staff would of course be included in any or all of the associated meetings as your schedules permit. Recognizing that it will be hard to do all and a community meeting in one day, we were looking to try to schedule these meetings on Tuesday and Wednesday Aug 16 and 17 with a goal of wrapping up early in the afternoon on Wednesday to allow us to travel back to the Bay Area at a reasonable hour. I would be happy to take the lead on reaching out to set up these meetings but wanted to check in with you folks about this plan first in case you had different ideas or wanted to reach out yourself to set up some or all of these meetings. Thoughts?
